PROJECTS

Partum App — *Multilingual Pregnancy and Postpartum Education App*

In progress

Developing a cross-platform app designed to provide evidence-based health information for pregnant people, accessible in multiple languages. Working closely with clients to understand their needs and conducting user research to ensure a user-friendly interface. Building a content management system (CMS) to make static content easily accessible, enhancing user experience and inclusivity. Integrated customizable appointment reminders to improve user engagement and retention, focusing on creating an accessible and inclusive app with multilingual support for a diverse user base.

RECENT EXPERIENCE

Blanchard's Coffee Co. , Richmond VA — *Green Buyer*

May 2023 - May 2024

- * Managed a \$1M+ green coffee purchasing budget with a team, improving efficiency in supplier negotiations and reducing costs through data-driven decision-making.
- * Developed and maintained a data-tracking system for coffee quality and inventory, ensuring 100% traceability and improving order accuracy.
- * Analyzed coffee quality metrics and trends across 50+ suppliers, identifying key improvement areas and boosting overall product consistency.

8th & Roast Coffee Co Nashville TN — *Manager*

February 2022 - April 2023

- * Collaborated with team members to drive an increase in monthly sales through targeted merchandising and promotional strategies.
- * Contributed to the implementation of customer service initiatives

that improved satisfaction scores.

- * Participated in analyzing sales trends and customer feedback, providing insights that led to improved product offerings and inventory management.

Blanchard's Coffee Co, Richmond VA — Production Supervisor

January 2020 -January 2022

- * Collaborated with the production team to streamline daily operations, improving output efficiency by 20% through process optimization.

- * Worked alongside quality control teams to maintain consistency across 1000+ batches of roasted coffee, contributing to an improvement in product quality ratings.

- * Supported the coordination of logistics and communication with vendors, contributing to a reduction in delays.
